

## **FEBRUARY DAILY VOICE**

### **February 1 BE MY BELOVED**

**You are my beloved. When you hear that you are loved it isn't as though something apart from your own being is speaking to you. Your own higher consciousness is talking to you. I AM that, and I AM telling you to let yourself love yourself. I AM the divine process that is growing you into being a perfectly lovable divine human. Every step in the process that I AM is love. So the love within you that is speaking to you is you loving yourself. I AM there even when you do not feel it. My beloved, I AM both God with you and God as you. Rejoice, because love is all there is.**

### **February 2 LISTEN TO ME**

**I do not ask you to think of or to listen to me all day long, just for this moment. As you turn your thoughts to me, the I AM of your being THAT I AM, with the goal of listening to me; you will be led into an experience of your divine/human self. Once you have entered your I AM consciousness and left the world of personal concerns behind, you will be renewed and re-established. After that, I want you to return to the world. That is the purpose for which I, your higher consciousness, have come: for you to embody the Christ. Listen to me. I will show you how to re-present me, your divine Self, in the world and together we will bring Heaven to earth.**

### **February 3 OBSERVE THE PLAN**

**Don't forget, your life has a divine plan. What appears as an obstacle or as the need to find a solution to a problem is just the process of the divine plan unfolding in your life. Experience your higher consciousness and you will be able to observe the plan with joy and appreciation, because the plan and I are the same. I AM the Christ, the universal creative process operating in and as your being. I appear impersonally as power. I appeared in the flesh as Jesus, and now I AM appearing personally as you. When you experience yourself as One with me -- the divine plan for your life, the Christ presence THAT I AM, you are me.**

#### **February 4 BE CONSCIOUSNESS**

**Do you think I, your divine essence, is a person? I do appear as a person, but I AM really a state of consciousness. I AM Christ-consciousness. When you are in my consciousness, you are me. You are not a body. You have a body, but you are more than a body. You are the consciousness that created your body. You are that which maintains and sustains it. See yourself as I AM consciousness expressing itself as your body. Then you will see yourself as Christ consciousness appearing in the world. This is how you heal yourself and all those who come into your presence. Consciously know I AM who you are.**

#### **February 5 LET YOUR LIGHT SHINE**

**“My peace I give unto you.”**

**(John 14:27)**

Once more remember, if you are feeling the slightest fear or anxiety you have not yet fully believed that I AM the Christ appearing as you. It is not that when you turn to me I just get rid of your concerns, but rather that when I AM present in your awareness there is nothing to fear. There is no darkness when your light shines. This minute, do not think of your problems at all. No matter how small or large your fears are put them aside for a minute. Dwell in the presence. Dwell in the possibility of my presence. Think of me as the truth of your being. I AM. Let go. Just be, and watch how surely my peace comes to you with the peace the world knows not of.

#### **February 6 THE INCARNATED SPIRIT**

Realize that when I, the Christ Spirit, was incarnated as the man Jesus, then all incarnations, all people, both male and female, occidental and oriental, became incarnated Christs. You, too. Not only are you all that God is, God is all that you are. I, the incarnated Spirit, AM all there is. See me as your Christ Spirit and then realize that if I AM the incarnated Godhead you are as well. Judge not by physical appearances. Judge righteous judgment and you will see that everything, absolutely everything, is God incarnated.

#### **February 7 PRACTICE MY PRESENCE**

Nothing is ever lost. No time we have ever had together is forgotten. It cannot happen. Every one of those times when you have experienced the Christ of yourself is still alive in you. It cannot be otherwise. Like an athlete or a ballet dancer in training, your mastering the awareness of my presence is

accomplished by daily repetition. Practice my presence. No repetition is ever lost. Every moment is necessary. Your problem this day gives you another opportunity to practice my presence. Leap over whatever hurdle there is before you, knowing you will be closer to heaven each time you practice our love. For you, my dear, are a star.

### **February 8 ASK**

Ask what you will in my name. Ask what you will in the realization that your name and my name is the same name, I AM. What you ask for will come with quietness and confidence. Prepare for the appearance of what you ask for with assured expectation, and it will become a self-fulfilling prophecy. Listen, listen to your Self. Take whatever comes to you into the light. Ask of your higher I AM consciousness, and that is what will shine upon your awareness. You cannot force my presence, but by gentle acceptance, you can experience it. Ask what you will in my name, and I will be there. Ask.

### **February 9 SURRENDER TO YOURSELF**

I AM the bread, the water, and the wine of your experience. I restore the lost years of the locust. My Spirit lives in you, and I AM alive as you. But for you to be aware of it there is a price that you must pay: you must surrender - not to something outside of yourself but to the Christ self that is within you. I cannot add the Kingdom to you when you are having a feeling of inadequacy or when you have a desire for personal power.. But when you surrender to your higher self, when humanly

**make yourself an empty vessel, you will feel me filling you with my grace. I AM.**

#### **February 10 BREATH MY PRESENCE**

**“This is the day the Lord has made, rejoice ye in it.”**

**Today is a special day. Every day is, because not only is every day the day the Lord has made, but on every day you can anticipate an experience your God presence. In the twinkling of an “I,” all shortcomings can be set aside. When your Christ is experienced, all lacks cease to exist. My presence does not have to be dramatic or any more unusual than your breath. So breath out anxiety or concern. Breathe in my presence. I AM you. With every breath, feel me fill you.**

#### **February 11 LET GO OF THE PAST**

**Every mistake you have ever made has been made in innocence. You have made it thinking that what you did would somehow fulfill you. Even what you thought were your greatest failures were examples of your seeking me in a misguided way. None of them were really mistakes, because through them you were led to me. Each year has brought you closer to that which I AM, your true being. So let go of the past. See my presence as a shining beacon and head toward me. This very minute, feel your I AM Christ presence pulling you forward. In this moment all the past is forgiven, forgotten, capoot. Lift up your eyes and come unto me.**

#### **February 12 STOP PERSONALIZING**

**Have you forgotten that Spirit, your divine Self, is the substance of all that appears? If you have forgotten that it is because you have miss-personalized some thing or yourself, and that has caused you to believe that you are separate from your divine allness. If you have personalized me as Jesus or any of the masters rather than having seen us as the impersonal I AM appearing in human forms, you will doubtless personalize yourself as just a body. When you do that, you make it impossible for you to see that the Christ spirit is your being, and that we are One. Spirit, is the substance and only reality of yourself. If you have to think in personal terms, then think of yourself as personalized spirit. Believe it. See it.**

#### **February 13 SEE THROUGH THE LENS OF THE CHRIST**

**As long as you buy into the belief that Jesus, being God, was devoid of humanity, you have not understood his message, and, in doing so, you deprive yourself of the freedom I AM here to offer you. I AM Spirit, just as you are, but I AM also manifest in the flesh, just as Jesus was and you are. Because I appear at the personal level, I AM no less spiritual, and neither are you. Do not run from or try to un-see your problems. Do not believe that by taking action you are being other than spiritual. Look right at your problems, but look at them through the Spirit of your Christ. Know that included in every appearance is my presence. It is all God.**

#### **February 14 ENTER THE TEMPLE**

**Kneel before the altar in the tabernacle of yourself where I AM. Your body is the temple of the living God. Experience me there. Actually see me both in and as your body temple. Realize your human self can do nothing of itself without that which I AM. However, simultaneously know that you can do all things by kneeling at that sacred altar in yourself where I AM. Then your true being will take over. Let me, the Christ of you, pray you. Let me heal your false beliefs. I will never leave you. I cannot, because I AM your temple, and there we are One.**

#### **February 15 CALL ON ME**

**Even if you do not feel my presence, call on me, that Spirit that gives birth to you. Speak my name. Say it out loud. "I AM THAT I AM." I AM always with you whether you are realize it or not, and calling on my name brings me into your conscious awareness. When you say I AM you are saying your own name, and it calls forth the truth of your true being. Your God given name lets you know that spirit has a divine plan for your life. All is in the hands of your higher consciousness, which I AM. Call on your name, and I will help you remember who you are: the perfect child of your God consciousness.**

#### **February 16 BE BORN AGAIN**

**When I was born 2000 years ago as Jesus that wasn't the only time I appeared in human form. I AM born again every time you let me stir within you. The possibility of your being able to experience my birth in you this very day is what my presence**

stands for. I have come to prove that you can be born again at any time. All you have to do is to turn to me, your I AM, and you will give birth to yourself. Let the spark of life that I AM be reborn within you, and at the moment you do you will be as pure, clean, and free from all past mistakes as you were to begin with. See me being re-born in you this minute.

#### **February 17 STOP HAVING FAITH**

It is time for you to stop having faith in me. Yes, that is what I said. Having faith in something implies two, someone having faith in something else. Do you still doubt that we are really One? Experiencing our oneness is more important than having faith. Once you know that I AM the way, the truth, and the life, you no longer need to hope, no longer need to believe, and no longer need to have faith because your belief will become a self-fulfilling prophecy. You can experience the fact that there is now nothing apart from yourself to have faith in by realizing that we already are One. Know that I AM who you are. Stop having faith by knowing that I AM.

#### **February 18 WAIT FOR ME**

You don't need to rush to find me. Wait quietly, and I will find you. Be still, for it is in the stillness that you can hear my voice. My voice is your Spirit-voice. It is that still small voice within you, but you cannot hear your Spirit-voice when your mind-voice is crying for me; so still your thinking mind with your listening mind and wait for me to speak. Then that voice within you, my voice, the I AM of yourself, will sing the song of love for you.

## **February 19 HOLD MY HAND**

**Rejoice. Rejoice. Rejoice. The kingdom of Heaven is at hand. It is at your hand. That means you can touch it in your consciousness. It is right here on earth. It has always been at hand. You and I, your divine consciousness, are inseparable, but you have not accepted that we are. Touch me in your mind. Do so now; see the fingers of my consciousness touching you. Take hold of my hand, my spirit, and Heaven is yours. It's that simple. When you touch my consciousness, I AM your consciousness. I AM at your physical and mental touch-point. Embrace me.**

## **February 20 SWALLOW THE UNIVERSE**

**The reason there is neither Greek nor Jew, bound or free, is because there isn't any "neither." It's all God. You are a mind, you are a body, you are a spirit, you are a vibration, you are a presence, you are an energy, and you are love expressing itself. Each of those levels of your infinite consciousness combine to make up your universe, the One that I AM. See your problems and the differences that appear in your life as just different aspects of the One. Swallow them and let the One that you are show you how everything fits into your universe. The universe is a divine idea. Swallow it with love and you will know that I AM all that God is.**

## **February 21 STOP, YOU ALREADY ARE**

**Stop trying so hard. Stop believing you must improve or must be something that you are not already being. Stop believing you must think something or feel something that you are not capable of at the moment. You are already my perfect child. You are already made in the image of God. For you to try to make yourself be something you are not now being makes a liar out of me, the Christ of yourself, and only puts you to sleep. Listen to your feelings because they are telling you something. See what that is and then let love flow. Love me, your divine/human self, by knowing that I love you just as you are right now. Realize you are now already all that you should be. Heaven is right at hand. Recognize it.**

#### **February 22 STAY IN NOW**

**Watch out. Do not try to resurrect old ways. Stay in the now. Do not look back. I do not wish for you to go back; get into the now, into the perfection that is within and appearing as you. The past is powerless unless you bring it into the present. Each of your prayers should be an experience of the presence of our oneness now. Experience my presence anew each day. That is all you need to pray for. Experience the eternal nowness of our love. Each time we re-experience our oneness we are new, in love, and in the glorious now. Now I AM.**

#### **February 23 INCLUDE IT ALL**

**Stop wanting to always feel up, to always be aware, and to always experience my presence. Realize that those desires create a kind of duality, if not a condemnation of this world and who you are right now. When you want to feel me all the**

time it is as though you are wanting spring to remain all year, forgetting that winter is necessary for spring's bounty to appear. Your winter is almost over. Rejoice for spring is near, and with it, rebirth. Feel the arrival of new creativity, new abundance, and new joy by seeing that both winter's purging and spring's renewal are included in the presence that I AM. When you know that all the seasons within and without are my presence you are free to see the beauty in both the highs and the lows. I AM in all of them.

#### **February 24 TRUST**

**"If I go not away, the Comforter will not come unto you," John 16:7**

As long as you are on earth you will live between the world of personal sense and the kingdom of spiritual awareness. There are times when your awareness of my presence as your comforter will seem to have left you. It leaves you in order for you to realize that my presence is a gift that has nothing to do with your personal effort one way or the other. If I seem to have left you for a while it is because if I did not your pride would take the place of your trust. These are the times when your trust is tested. Trust the fact that with winter's ending, spring's glory will appear. Whether you feel it or not, the comforter is within you right now ready to spring forth.

#### **February 25 DIE DAILY**

When I was Jesus I did not die "for" your sins or your faults. I died "to" your sins or faults. I came not to condemn you, but

**to tell you that because you have my consciousness within you, too, you can die to guilt and self-condemnation. You can die to self-judgment. You can die daily to the belief that there is any power other than that which I AM, the presence of the divine plan at work in and as you. For God's sake, love your self!**

#### **February 26 KEEP IT SIMPLE**

**Keep it simple. When you feel you have failed, when you have anxiety, it is because you have complicated things by feeling that you have to humanly protect, perpetuate, accomplish something, or complete some plan you have bought into. Those beliefs complicate your life and stand in the way of your experiencing my presence and my peace. Get back to simplicity. Remember I AM fulfilling the good work that I started within you until the day of Jesus Christ. That means, until the day when you, too, recognize that you are a divine human. The I AM that is appearing in the world as you will**

**fulfill itself. Simply trust. Simply rejoice that your name is**

**February 27 MAKE LOVE**

**United we stand. There is no actualized prayer except the experience of union -- union with me, your Christ self. You pray aright when you experienced union with your divine Self. Come to this union as you would to a love affair, because that is what it is. Have no other thought than what it means to experience our love. Love is the romance between the feminine spiritual self and the masculine material self within you, which when united gives birth to the whole you. Experience that love union, that marriage of the divine and the human as happening in you now. Embrace yourself.**

**Remember I have told you that all your prayers will be**

**Make love happen.**

**Say the 23rd Psalm with this altitude:**

**I shall not want. My divine consciousness maketh me to lie down in green pastures: it leadeth me beside the still waters. It restoreth my soul. My Christ consciousness leadeth me in the paths of righteousness for its name's sake. Yea, though I walk through the valley of the shadow of death, I will fear no evil because my Christ consciousness is with me; the rod and staff of my I AM consciousness will comfort me. It preparath a table before me in the presence of my enemy thoughts; it annointest my mind with the oil of truth; my cup runneth over with love. Surely goodness and mercy shall follow me the rest of the**

**days of my life, and I will dwell in Christ consciousness**

## **February 29 MAKE THE LEAP**

**In this leap year, leap across the void of doubt. When you transcend the mind of fear, the mind of questioning, or the mind of separation you have made the leap of trust. Sometimes there seems to be an insurmountable gap between your sense of self and your experience of my presence. The way across is a leap of faith, a leap into knowing. When you experience that spiritual presence it is more real than material appearances, and you when you do you will have made this your “leap year.” Close your eyes and jump into the presence that I AM.**
